ARTICULATING \WHEEL LOADERS

WL50 ARTICULATED LOADER

- Big loads, tight turning, versatile attachments.
- Excellent visibility - best in class
- Breakout Force: 7,711 lbf

WL37 ARTICULATED LOADER

- 78HP turbocharged engine
- High-flow 33gpm hydraulics
- Single lever control
- Breakout Force: 8,768 lbf

ALL-WHEEL STEER \WHEEL LOADERS

280 ALL-WHEEL STEER LOADER

- Smooth all-wheel steer, four-wheel drive
- Excellent stability on hills/uneven grades
- Breakout Force: 7,868 lbf

850 ALL-WHEEL STEER LOADER

- Rear-mounted weight for stability and payload
- Designed with ease of maintenance in mind
- Creature comforts for long operation
- Breakout Force: 7,868 lbf

1150 ALL-WHEEL STEER LOADER

- Largest loader in the Wacker Neuson line
- Efficient performance to save fuel costs
- Breakout Force: 9,667 lbf

750T ALL-WHEEL STEER LONG-REACH LOADER

- Boom extends for a 15' 3" pivot point reach
- Ideal for high load-dumping or stacking
- Breakout Force: 11,016 lbf

MINIATURE EXCAVATORS

WACKER NEUSON

803 MINIATURE EXCAVATOR

- Twin-pump hydraulics
- Telescoping undercarriage
- 2021 lbf Max. Digging Force
- 5'10" Max Dig Depth
- 10' Max Reach

803

1404 MINIATURE EXCAVATOR

- Dominates the 1.5 ton class
- Telescoping Undercarriage
- 3192 lbf Max. Digging Force
- 7'4" Max Dig Depth
- 12' Max Reach

1404

ZERO-TAIL SWING \EXCAVATORS

28z3 ZERO-TAIL EXCAVATOR

- Vertical Digging System (VDS)
- Control Pattern Change System
- Goes anywhere its tracks can fit
- 5058 lbf Max. Digging Force
- 9' Max Dig Depth (long dipperstick)
- 15'4" Max Reach (long dipperstick)

28z3

38z3 ZERO-TAIL EXCAVATOR

- Vertical Digging System (VDS)
- Easy maintenance
- Air-conditioned cab available
- 5778 lbf Max. Digging Force
- 11' Max Dig Depth (long dipperstick)
- 17'10" Max Reach (long dipperstick)

38z3

50z3 ZERO-TAIL EXCAVATOR

- Largest of the Zero-Tail excavators
- VDS available
- Ergonomic air-conditioned cab
- 7599 lbf Max. Digging Force
- 12'4" Max Dig Depth (long dipperstick)
- 20' Max Reach (long dipperstick)

WACKER NEUSON

TRACKED COMPACT \EXCAVATORS

3503 EXCAVATOR

- Summation regulation
- Control Pattern Change System
- 6812 lbf Max. Digging Force
- 11'7" Max Dig Depth (long dipperstick)
- 17'11" Max Reach (long dipperstick)

3503

6003 EXCAVATOR

- Control Pattern Selector Valve
- Air-conditioned cab
- Enough power for the next weight class up
- 8925 lbf Max. Digging Force
- 13'7" Max Dig Depth (long dipperstick)
- 20'11" Max Reach (long dipperstick)

6003

8003 EXCAVATOR

- 2-speed engine
- Hydraulically-dampened drive pedals/levers
- Summation Regulation and Control Pattern Select
- 11,758 lbf Max. Digging Force
- 15' Max Dig Depth (long dipperstick)
- 23'11" Max Reach (long dipperstick)

8003

WHEELED \EXCAVATORS

6503 WHEELED EXCAVATOR

- 0-10/0-30 kph 2-speed Drive
- Hydrostatic all-wheel drive
- No need for a trailer to transport
- 12'7" Max Dig Depth (long dipperstick)
- 20'10" Max Reach (long dipperstick)

6503

9503 WHEELED EXCAVATOR

- 0-13/0-40 kph 2-speed Drive
- Simple operation, powerful hydraulics
- Mobile and quick on or between job sites
- 13' Max Dig Depth (long dipperstick)
- 22'6" Max Reach (long dipperstick)
